Sir,

Reference:-- Letter Reference G.No. 36/31 dated
3-2-31 from the Chairman Municipal
Council, Bellary.

Submitted.

2. The general policy at present is that girls' schools opened with the aid of Provincial funds sanctioned since 1927-28 are further subsidized towards the strengthening of staff. The schools under reference do not come under this category and the request is therefore inadmissible.

P.T.O.

Further the Municipal Council, Bellary, is not levying education cess. The Council may consider the question of levy of cess with a view to improving its resources.

I have the honour to be,

Sir,

Your most obedient servant.

Ref No. 36/31.

Station Bellary. , Dated the 3rd February 1931 19

From (Name) M.R.Ry. N.Narayana Rao Garu, B.A.B.L.,

(Designation) Chairman Municipal Council Bellary.

To The Secretary to the Government of Madras,

Law (Education) Department.
Madras.

Sir, Through, the Inspectress of Girls' Schools, Bellary.

There are two Hindu Girls Schools under the management of this Municipality Viz: Satyanarayanpet and Kambli Bazaar Girls Schools. The highest standard taught in both the schools is the 5th. The Inspectress of Girls Schools ~~has~~ has in her review dated 8-1-31 recommended the opening of the VI standard in both the schools and the President ^{District Educational Council} ~~S.E.C.~~ has been addressed to accord his sanction for this purpose. There is now an higher grade ~~has~~ trained teacher in charge of each of the schools as headmistress.

Under the instructions issued in G.O.No:3552L & M dated 5-9-30 the sub Assistant Inspectress has in her letter No:140 B/30 dated 12-1-31 proposed the appointment of a Secondary grade trained teacher to the Satyanarayanpet girls

School. The same proposal holds good with regard to the Kambli Bazaar Girls School also, in view of the opening of the VI standard therein shortly. ^{As} ~~to~~ financial circumstances, stand at present, the state of the general funds of the Municipality is not so very encouraging as to make an adequate contribution, to the Elementary Education Fund, in order to provide for this additional expenditure. Government scale has to be adopted in case secondary grade trained women are entertained. I think anything short of the Government scale may not fetch candidates of the requisite qualifications and even supposing one, or two are forthcoming, I doubt their permanent adherence to the post, as they will naturally take the appointment as a stepping stone to better appointments somewhere else.

In view of the facts explained above, as also in the interest of improving the efficiency in girls education, by the appointment of qualified and competent secondary grade teachers, I request the Government will be pleased to take the matter into their benign consideration and grant a separate ^{subsidy to cover up the} additional expenditure that has to be involved, or to enhance the present subsidies granted in due proportion to the additional item of expenditure.

It may not be out of place to mention here that both the schools were first sanctioned with the aid of Government grants and with the provision of a single teacher in each school. The present number of the teachers is 4 in the former school and 3 in the latter. The extra cost involved is being met from Municipal Funds.

This is the policy at present.

Future policy, I think, depends

upon the manner in which

the Champion scheme is worked

in practice, and also upon the

state of our finances. The

whole question of the policy to

be adopted may perhaps be

discussed, in both, in connection

with the E.E. Bill & the Champion

report. At present, despite our

settled policy of giving first place

to Elementary Education, we are, ^{perhaps} inevitably,

more or less making time.
